1. MIDDLETOWN CITY ID CARD (CONTINUED FROM 05-15-18)

(Mayor Destefano has asked that the City look into creating a municipal ID Card for Middletown residents)

At the March meeting we discussed some of the issues involved in creating a municipal ID card, in April we had input from the public on the need for, and desire for, such a card. In May we had further discussion with Corporation Council Richard Guertin, at which time we voted to move forward with creating legislation to implement an ID card for Middletown.

Before leaving his position to become Judge Richard Guertin, Mr. Guertin wrote legislation to create a Middletown City ID card. Mr. Naumchik and I have reviewed the resolution with now Corporation Council Alex Smith, and he has given us a revised resolution to consider tonight.

Please review the resolution for any comments and concerns.
