BRIEF PROJECT DESCRIPTION:

The MCDA is in need of Residential Rehabilitation Construction Inspection Services for the purposes of rehabilitating residential single family and two-family homes for eligible home buyers.

The purpose of the program is to assist eligible homebuyers with the purchase of rehabilitated homes through the Middletown Homeownership Opportunity Program. The rehabilitation typically consists of roof replacement, heating system upgrades, electrical and plumbing upgrades, window and door replacements, insulation, siding and the elimination of code violations. All rehabilitations must be in accordance with New York State Building Code and the environmental regulations including, but not limited to lead paint, asbestos and mold.

PROPOSAL FORMAT

The Proposal should consist of, at a minimum, the following information:

1. **Cover Letter**: A cover letter addressed to MCDA, Maria Bruni, Director, describing the firm's desire to provide housing rehabilitation inspections and rehabilitation monitoring services.
2. **Firm Background**: A brief background statement about the firm to include such items as its size, range of services, age and design, etc.
3. **Experience of Firm**: A list of projects recently completed, as well as current projects undertaken by the firm. Project listings should include types of services performed with an emphasis on residential lead paint inspection and risk assessment, names and locations of projects, owners' name and address, brief description of the project and the design solution, date of completion, cost (if possible) and project duration.
4. **Professional Staff**: A listing of the professional staff of the firm assigned to this project, including principals, detailing their qualifications such as title, education, certification, licenses, professional societies, experience and length of service with the firm. The willingness to discuss the scope of rehabilitation work with staff prior to issuance of final report, a full and complete understanding of housing rehabilitation and the knowledge and use of standard specifications for lead hazard reduction should be conveyed. Include turnaround time for all professional services, detailing a typical housing rehabilitation project by construction trade.
5. **References**: A listing of clients of projects currently in progress, as well as past projects, to include name, title, address and telephone number. Clients listed should be public sector clients and involve projects similar to those listed herein.
6. **Fee Proposal**: Firms wishing to participate in this Request for Proposal are required to indicate the fee for professional services for the project listed herein.

Professional services shall include as a minimum the following:

- A. Initial consultation and inspection of the residential unit to include a detailed scope of work to be performed that will address the housing conditions, code violations and potential lead based paint hazards. The report is to be certified to the MCDA. The scope of work must also include a detailed cost estimate for all work to be performed. It is expected that this report and estimate will be prepared and submitted to the agency within 5 business days of the initial inspection.
 - B. Progress inspections of rehabilitation work if warranted, and final inspection and approval of work for payment. Please include the maximum number of inspections based upon the type of rehabilitation work to be performed on the property.
7. **Basis of Award of Contract**: The Home Inspection services are considered professional services and there is no obligation to select the lowest proposal. However, cost is a factor in the selection process and the following criteria will be used in selecting firms:
- A. Cost of Services
 - B. Experience of firm with like projects
 - C. Ability to complete work on time

8. Equal Employment Opportunity: Firms are advised that the MCDA is committed to Equal Employment Opportunity.

9 Payment: Payment will be made at the completion of the following phases:

- A. Submission of the Initial Inspection, scope of work and cost estimate with both written and technical data documentation certified to the sub-recipient.
- B. Submission of post rehabilitation inspection report certified to the MCDA.

10. Insurance Requirements:

Contractual terms applicable to contractor and any and all sub-contractor(s) will include, but are not limited to the following:

- General Liability insurance in the amount of \$1,000,000 each occurrence & \$1,000,000 aggregate
- Bodily Injury, including death in the amount of \$1,000,000 each occurrence & \$1,000,000 aggregate
- Property Damage in the amount of \$1,000,000 each occurrence & \$1,000,000 aggregate
- Automobile Liability Insurance in the amount of \$1,000,000 each occurrence & \$1,000,000 aggregate
- Worker's Compensation as required by law
- Identification of Personnel, contractors and subcontractors
