The Zoning Board of Appeals, shall have the power, upon an appeal from a decision or determination of the administrative official charged with the enforcement of such ordinance or local law, to grant area variances, as defined herein. The Board of Appeals, in granting of area variances, shall grant the minimum variance that it shall deem necessary and adequate and at the same time preserve and protect the character of the neighborhood and the health, safety and welfare of the community.

In making its determination, the Zoning Board of Appeals shall take into consideration the benefit to the applicant if the variance is granted, as weighed against the detriment to the health, safety and welfare of the neighborhood or community by such grant. In making such determination the Board shall also consider whether:

- (a) An undesirable change will be produced in the character of the neighborhood or a detriment to nearby properties will be created by the granting of the area variance; and
- (b) The benefit sought by the applicant can be achieved by some method feasible for the applicant to pursue, other than an area variance; and
- (c) The requested area variance is substantial; and
- (d) The proposed variance will have adverse effect or impact on the physical or environmental conditions in the neighborhood or district; and
- (e) The alleged difficulty was self-created, which consideration shall be relevant to the decision of the Board of Appeals, but shall not necessarily preclude the granting of the area variance.
